Undecided on which type of account will offer you the best benefits based on your financial goals? Let's walk through a few questions to help you decide which account is the best fit for you.

Do you use your Debit card for most purchases and prefer to receive secure E-Statements?

Digital Rewards offers you additional benefits when you have at least 12 signature PIN transactions with a \$5 minimum purchase and enroll in e-statements. Benefits are received when you qualify during each statement cycle and include a \$5 rewards deposit and reimbursement of ATM fees up to \$10.

LET'S TAKE THIS ONE STEP FURTHER! Do you maintain a checking account balance of \$2,000 or more and have an ACH deposit or payment?

A Premier Rewards checking account may be the best option for you. Earn a highly competitive interest rate on balances up to \$20,000.

Not interested in e-statements at this time, let's look at some other options.

Would you like to receive images with your statement and earn interest on balances over \$500?

First Checking offers a competitive variable rate when you maintain an average daily balance of \$500 or more. First Friends customers also receive free checks with this account type.
